OFFICIAL PAPER OF THE CITY
Subscription, \$1.00 per year.

The nature of the paper, the character of its subscribers and the class of advertising it carries tell the whole story.

WHAT WOULD LINCOLN SAY?

With the birthday of the "Great Commoner" at hand and the recollections attendant upon it of the period of storm and stress through which he passed to his tragic death, speculation as to how he would view the present critical situation, is inevitable.

He was a far-sighted man and discerned the war cloud gathering long before it was visible to the public eye. He foresaw as few men could, what the struggle would cost, yet he had the courage to face the issue squarely and declare against any compromise on the right of the black man to freedom, or on the question of the integrity of the Union. He also had the ability to weigh and sift out essentials from non-essentials; Would he consider that the present crisis, affronting though it does, America's pride, justifies intervention in a foreign war in which we have no logical part? All the belligerent forces are desperate and ready to apply desperate remedies to end a horrible situation. America is the innocent bystander who will be hurt if she gets in the way. Why not keep out of the

TROPICO Interurban SENTINEL

way even though she is entitled to the freedom of the high seas, and let the warring nations fight out their destinies since they have refused her mediation as a peace maker! The security of our country and the preservation of our countrymen are surely of more moment than the cocky assertion of our rights on the high seas in a stupendous war crisis like the present when all precedents fail. Wall street may be for war. It has loaned vast sums to pay for munitions and armaments used by the entente allies. Their defeat means huge losses to the Street. Strong pressure will perhaps be exerted to force the government to join the enemies of Germany, but the common, everyday citizens of the United States, even the hyphenated Americans, have been thinking hard and have become honestly neutral. They may have their sympathies, but they have come to realize that it is not our war and we should not permit ourselves to be dragged into it even if we have to keep off the high seas until peace is declared. We can exist without intercourse with Europe and if being drawn into the maelstrom of a ghastly conflict is the alternative, the verdict of the people will be: stay at home.

FIRST ANNIVERSARY

The Glendale New Thought Center will hold its first anniversary celebration Sunday, February 11th, when there will be an afternoon meeting in addition to the ten o'clock Sunday school services and the usual evening meeting. At the Sunday school Edward S. Jerome, Chairman, will give a talk and Ida Mansfield Wilson will address the children. There will be a song service in the afternoon at 2 o'clock and addresses by Dr. Harold F. Palmer, Charles W. Hoag, Vivian Lehman, and Theodorora Borglum St. John. At the evening session Adeline Becker chairman, will speak, also Edward S. Jerome and Dr. Frank L. Riley. At each session there will be special music.

Bishop L. D. Miller who has been preaching nightly in the Church of the Brethren, broke down Tuesday evening with bronchial trouble and has returned to his home in Pasadena. The meetings have been discontinued.

GLENGARRY AUTO CONTEST

Excitement will probably run high among the boys and girls when they see the beautiful little auto which Mr. Alexander of the Glengarry Studio is giving them a chance to obtain in his prize contest advertised in this issue. They cannot lose out on the proposition as he gives 15 cents in money on each 50c cashed coupon and the coupon counts for 500 votes.

ELLIAS-SMALLEY WEDDING

A very pretty wedding in which Tropico felt a special interest took place last Thursday morning at ten o'clock at the home of Mr. and Mrs. E. B. Ellias of Glendale when their daughter Emily became the wife of John Newton Smalley, of Sycamore Canyon. The bride has been teaching in the Cerritos avenue school of Tropico with great satisfaction to her pupils and the School Trustees, and had intended to complete her school year, but yielding to the persuasions of Mr. Smalley she decided not to do so and preparations for the wedding were quickly made.

The Ellias home was beautifully decorated with asparagus plumosa and pink carnations. The bride was attended by Laura Lillian Ellias, the groom by Shives Mitchell, Dr. J. H. Henry, an old family friend, officiating. About fifty persons, all relatives except a few intimate friends, witnessed the ceremony after which a wedding breakfast was served and bride and groom left for San Diego. They will be at home to their friends in the near future in their new bungalow on the Smalley Estate and will

be guests of honor at a reception to be given by Mrs. Ella Richardson Friday evening of the present week. Mrs. Smalley is the grand-daughter of Mr. and Mrs. C. C. Chandler of this city, and has a great many friends here who rejoice in her happiness.

PRETTY WEDDING

Miss Janie Ray, who has been a great favorite with young people of Tropico, was the bride in a pretty wedding Saturday evening, at the home of her parents, Mr. and Mrs. J. M. Ray of North Kenwood avenue, Glendale, and J. Atwood McKelvey of Los Angeles, was the groom. About sixty-five guests were witnesses. Miss Martha Ray, sister of the bride, was maid of honor, Mrs. Milton Davenport, matron of honor, and E. W. Cross of Los Angeles, best man. Katherine Hobbs of Tropico, played the Mendelssohn Wedding March; Miss Lulu Beal Beatty was the vocalist, singing "At Dawn" and "Because." The young people will make their home in Los Angeles.

The Tropico Pharmacy is moving to its new location on Tropico avenue and San Fernando boulevard.

NEW HOME BUILDING

Tropico is to hear wedding bells (metaphorically speaking) some time in April when Miss Ethel Baker of Brand boulevard will become the bride of Charles Klamm of Glendale. In preparation for the happy event Mr. Klamm is having a very attractive five-room bungalow built by Contractor M. F. Martin at the corner of Gardena and Central avenues, which will be completely furnished before the young people take possession. Mr. Klamm is foreman of the engraving department of Brock and Co., of Los Angeles. Miss Baker is the daughter of Louis Baker and very popular with the young people of the Methodist church, in which she is an active worker.

GOOD NEWS

The Sentinel has received the good news that all rights of way for Brand boulevard are now open to Lake Shore avenue; that next week the paving of the boulevard will be ordered and in that connection an order will issue for the building of the Ivanhoe Bridge. The information comes from Mr. Stephen Veselich who has been untiring in effort to bring about this improvement. Mr. Veselich also states that the Second street tunnel is now assured, and also the Silver Lake boulevard.

Mr. Painter of East Acacia avenue has engaged Mr. Spear to build for him a handsome new residence 30 by 53 feet in ground floor dimensions, with two stories and a basement in which a furnace will be installed. The estimated cost is \$4000 but it will probably exceed that amount as only the best materials are entering into its construction and it is to be thoroughly up to date in all respects. The dimensions given do not include cement porches which will be effectively trimmed with clinker brick and cobblestones. It is a substantial improvement which will add to the property values of the neighborhood in which it is situated.

A collision between the Tropico Transfer Truck and the touring car of Gus Pulliam occurred last Saturday morning near Broadway and Brand, Glendale. No serious damage to the machines resulted and no one was hurt.

LIBRARY NOTES

The library has just placed on its shelves one of the most remarkable acquisitions it has yet made, viz., "Luther Burbank, His Methods and Discoveries and their Practical Application," in twelve volumes profusely illustrated with direct color photograph prints.

We here learn how Burbank made his first start by developing the famous Burbank potato, taking the proceeds from the sale of it, only \$150, to come to California where he could carry on his work to better advantage.

The library is becoming more valuable all the time as a reference room. A French-English and a German-English dictionary have just been added and the Spanish is to be ordered soon.

A typewritten list of the most important reference books has been posted and a duplicate of the same placed in the school library.

Some of the public documents received lately are: "Report of the State Board of Control," "State Water Problems Conference," "Report of Commissioner on Land Colonization and Rural Credits," "First Biennial Report of the State Corporation Department," "Report of Commissioner of Immigration and Housing in California," "Report of Commissioner of Industrial and Vocational Education."

CHAS. H. CUSHING,
Librarian.

P. T. A. AND W. C. T. U.

A temperance talk by Mrs. Martha Law was the feature of the joint sessions of the Cerritos P. T. A. and the W. T. C. U. of Tropic last Friday. Violin and piano duets were played by Misses Dorothy and Phoebe Armstrong. No very important business was transacted but there was informal discussion among members of a proposition to replace the stolen gramophone with a new one.

The vote gave the picture for the coming month to the kindergarten room taught by Miss Atwood.

February 15th will be legislation day at the Thursday Afternoon Club. Dr. Jessie Russell will be the speaker and she will set forth the legislation which club women are trying to get through the State legislature this session.

YEOMEN NEWS

About thirty-four attended the business meeting of the Yeomen Lodge last week and enjoyed the dance which followed. Plans are being made for an indoor carnival in March.

The next regular dance will be given February 23rd.

BOY SCOUT ANNIVERSARY

In celebration of the seventh anniversary of the founding of the order of Boy Scouts of America, a union service will be held next Sunday eve; at the Methodist church of Tropicco at which Mr. Merritt Ludden, Scout Master, will talk, the scouts furnishing the balance of the program which they hope all the boys in Tropicco and their parents will come out to enjoy.

At the request of Mrs. Leppelman, of the General Gridley Chapter of the D. A. R. in Glendale, who is chairman of a committee appointed to work for prevention of the desecration of the flag, the Sentinel this week publishes the text of the national law which has been enacted to protect the Stars and Stripes. We recommend a careful reading of this law and the co-operation of all our readers in its enforcement. In times like the present, when the men of our country may be called upon to defend the flag at any moment, it behooves all good citizens to demand the respect that is due our national emblem.

High School pupils are much occupied with plans and preparations for their variety show which comes off February 15th and 16th. It will be a benefit for the Athletic Fund.

It is safe to say that no woman in either Tropicco or Glendale can remain indifferent to the announcement which Miss Grace Yarbrough is making of a spring millinery opening, Thursday, Friday and Saturday.

Mr. A. W. Kinney of the Industrial Commission of Los Angeles will give a talk at the Mothers' Club of the Acacia school Friday afternoon, February 16th. Mrs. A. J. Van Wie will sing, refreshments will be served and the usual social hour will follow.

THURSDAY CLUB

Members of the Thursday Afternoon Club were treated to a surprise at their last meeting. After the usual preliminaries had taken place in the way of reading of the minutes, announcements etc., there was an expectant interval broken by the entrance of Miss Cora Hickman with a beautiful large silk flag on a standard which she presented to the club on behalf of the president, Mrs. Charles Wallace Kimberly, with an eloquent tribute to the flag and all it stands for in the affections of every loyal American. Scarcely less eloquent was the little speech of acknowledgement by Miss Ida Myers in which she accepted the flag for the club and voiced its appreciation of the gift and of the many benefits for which the club has been indebted to its generous leader. Mrs. Kimberly then expressed her own love for the flag and the pleasure she had experienced in making the gift. To conclude the patriotic ceremony members joined in singing "The Red, White and Blue," led by Mrs. Fry at the piano.

Mrs. Hutchinson, chairman of art at the Friday Morning Club, was the speaker of the afternoon and witnessed with much interest the flag presentation. "To be true to art," she said, "we must be patriotic." She called attention to the pure beautiful colors of the flag and the fact that it is never out of harmony with other objects.

Her talk was simple and direct and chiefly concerned the need in this country to awaken and stimulate the creative impulse along artistic lines, not necessarily in what we term "fine arts," but in crafts and manufactures where the demand for workmen with skill and creative ability is great. She feels that the great need in America today is free industrial art schools where talented pupils can continue the work begun in the public schools and fit themselves to be master craftsmen.

She traced the art periods in America beginning with the Colonial period which has survived in the Colonial homes and Colonial silver, then the Revolutionary group including Gilbert Stuart, Benjamin West and Copley, the Hudson River group of landscape artists, and the Barbizon group of which she considered William Chase to be the finest representative. She rapidly indicated his character and his

place in the art of America, telling many interesting anecdotes of his life and work. She paid tribute to Redfield, Child Hassam, Bierstadt, George Innes, Sargeant, Whistler, and Keith of California. Later, after her talk had ended, she told of the fund contributed by a group of New York millionaires to import skilled artisans of Europe who have escaped the war trenches but who are stranded in the cities with no outlet for their skill. The intent is to use them for instructors in industrial art schools to see if we cannot develop creative art here in place of slavish imitation or repetition.

She declared there is a definite relation between sound and color which has as many tones as music, and rejoices because we are beginning to learn to use pure color and not be afraid of it.

Jars of acacia bloom effectively decorated the club room. Tea was poured by Mesdames Barker and Fry, Mesdames Smith, Mabry and Kimberly also being hostesses. The guest list included Mesdames Chandler and Bennett and Miss Hickman.

ORIGINAL FOX TROT

One of the novelties of the Sophomore Hop will be a fox trot originated by Mrs. Pearl Keller for the High school and called by her "The Explosion." She and her pupil John Dewar will demonstrate it in an exhibition dance and at its conclusion the boys and girls will try to dance it on their own responsibility. Prizes are to reward the couples who most successfully execute the dance as given by Mrs. Keller.

The opening of the Garden Court Apartments at Hollywood last week, was a social affair of no small importance as they are pronounced the finest things of their kind in the west. Mrs. Pearl Keller and her pupil, John A. Dewar, gave two exhibition dances. She will have charge of the dancing at the Court the rest of the season and already has a class of twenty pupils, including the wealthy host and his wife, Mr. and Mrs. John Elmer Ransford.

An Eastern Star entertainment is booked for February 22nd in Glendale to which Mrs. Pearl Keller will contribute numbers.

Our Flora.

American florists, it is declared, are now able to produce in this country practically all the flowers and plants for which they were formerly dependent on Europe. "With the exception of certain bulbs indigenous to Holland, and boxwood, there is nothing which the American grower cannot produce better than any foreigner," says an expert.

Horses the Cossacks Use.

The Cossack's horse is small, with a short, thick head and neck and a sloping back, but what he lacks in size he makes up in sense. To weather and climate he is alike indifferent and does not miss a warm stable, because that is a luxury he never had. He will thrive where any other horse would starve and relishes food that a goat would scorn. His rider will tether him on a snow covered plain, and he will get his own food by scraping aside the snow to get at the reindeer moss. And so docile is he that he will form a breastwork for his master to fire over or cover incredible distances on the shortest of commons.—London Chronicle.

Wife—George, this burning of the candle at both ends means an untimely grave. It is nearly 12 o'clock. Come to bed. George—But I'm doing this night work in order to find money enough to buy you a birthday present. Wife—Well, if you will persist in working of course I can't stop it. Good night, dear.

OUR FLAG

Sons of the American Revolution and Daughters of the American Revolution of the State of California, call your attention to the following law of the State of California, relating to the desecration of the Flag of the United States of America: An act to add a new section to the Penal Code of California relating to the desecration, mutilation or improper use of the flag of the United States of America. The people of the State of California, represented in senate and assembly, do enact as follows:

used in theatrical performances, or to flags carried by political parties, or organizations, in parades, or in public meetings. (Approved March 18, 1909.)

LOOK OUT FOR THE CARS

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroads need to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

If it pays to run a few ads 'round about Christmas time, it certainly will pay you to run advertisements about all the time.

It's just business, that's all, to

Malay Houses.

Malay houses are invariably built on posts so as to raise the floor from four to six feet above the ground. The floor is composed of bamboo, with interstices between slats, the earth beneath becoming the receptacle of the drainage of the establishment. The universal plan of the well to do natives is to build the house in two divisions, the front one for receiving visitors and lounging generally, while the rear portion is reserved for the women and children.

ANOTHER VEGETABLE MARKET

Mr. Johnson has completed the latticed market stand on Tropic avenue, adjoining the Anderson building near San Fernando. Objections to its erection were filed by some of the residents of the neighborhood, and a permit was refused by the City Council, but permits are not required, under the building ordinance, for structures which cost \$20 or less. Mr. Johnson's stand comes within the privileged class, so he was able to proceed without the permit. The point was raised that because of the narrowness of the street at that point, the halting of autoists to patronize a market might produce congestion of traffic.

A WONDERFUL RECORD

Mr. and Mrs. Wesley Bullis are the happy possessors of a 1917 Dodge, just from the factory and equipped with the very latest improvements. When questioned as to his new extravagance Mr. Bullis stated that his former car was taken in trade at such a good figure that the new car cost him only about \$75 more than he would have been obliged to expend for new batteries, tires, etc., for the old auto in order to carry him through the summer. In that car he had travelled more than 13,000 miles and when he returned it to the company the original air was in three of the tires, which had never been changed since the purchase of the machine, and he had never had to replace a nut. Its condition was so good that within half an hour after being displayed it was sold to a Glendale purchaser by the Dodge people, all of which redounds to the credit of Mr. Bullis as a mechanic and driver.

TO TROPICO CUSTOMERS

Believing that we can better serve the trade in this locality by concentrating our stock in our Glendale establishment, we will discontinue our Tropic store the first of February. We wish to assure our Tropic patrons that they will receive the same attention and courtesy as heretofore, and that their telephone calls will meet with prompt response.

HOUSEHOLD GEMS

White spots on varnished surfaces can be removed by sprinkling with sal soda. After allowing it to remain a few minutes rub with a cloth saturated with kerosene oil.

Fumed Oak furniture that has a shabby appearance can be renewed by applying Dutch Polishing Wax with a soft cloth. Other highly polished surfaces like automobiles and varnished furniture can be renovated with the same wax and in the same manner.

Ink stains can be removed from floors with a paste made of chloride of lime. After allowing it to remain on the spots for a few minutes, until nearly dry, scrape off and wash with luke warm water.

**GIRL'S STATEMENT WILL HELP
TROPICO**

Here is the girl's own story: "For years I had dyspepsia, sour stomach and constipation. I drank hot water and olive oil by the gallon. Nothing helped me until I tried buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL helped me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. PROCEEDINGS OF BOARD OF TRUSTEES

A meeting of the Board of Trustees was held Tuesday evening at the usual hour, but Trustees Henry and Als-pach were not present and Treasurer Brown acted as City Clerk pro tem in the absence of Mrs. Coleman.

Delinquent Taxes

The first communication read was from County Auditor Lewis advising the Board officially of the decision of the Attorney General that he (the Auditor) had erred in following precedent and withholding penalties collected on delinquent taxes due cities for which the county makes collections; also stating that beginning with January 1st, 1917, a distribution would be made of penalties and interest for the current year, but that it would be impossible to go over the records of the past and make refunds. This communication was ordered placed on file.

Brand Boulevard Gutters

A communication from the Board of Public Works of Los Angeles concerned unsatisfactory drainage from gutters on Brand near San Fernando and asked for a conference with the Board of Trustees in regard to correcting conditions. At the suggestion of Trustee Peters the acting city clerk was instructed to write a letter to the Board of Public Works inviting it to meet members of the City Council and Engineer Wattles next Saturday afternoon at the Richardson station, at 2 o'clock, for conference.

Street Contract Extension

Because of delay in waiting for gas and water pipes to be laid, Contractor Schelling asked for and was granted an extension of thirty days on his Hill street contract.

Trustee Peters made a very satisfactory report of his negotiations with the Gas Company and the State Railway Commissioners which resulted in the agreement by the Southern California Gas Company to lay the pipe on Hill street without compensation from the consumers and to have the work completed by Thursday.

Small Mains

A petition signed by fourteen residents of Victor and Grace Courts asking for improved water service through fire hydrants was read. Later

TROPICO Interurban SENTINEL

in the session it came up for action and Fire Chief Fairfield was questioned. He stated that the cause of the poor service was a two-inch main. Acting City Clerk Brown was instructed to write a letter to the Water Company asking it to lay four-inch mains on Victor and Grace Courts to Los Angeles street to improve the service.

La Bree Court

Trustee Peters also reported that the Committee of the Whole to whom the question of draining La Bree Court had been referred, had decided to drop the matter until next fall.

Delinquent Tax Conference

Under the call for reports of officers City Attorney Shaw stated he understood there would be a second conference of representatives of municipalities whose taxes had been collected by the county, to take action looking to the recovery of the delinquent taxes not turned over to the cities by the County Auditor. Trustee Veselich was requested to attend that conference as the representative of Tropic.

Official Reports

The January report of Building Inspector Fairfield showed fees collected amounting to \$24.53; report of City Marshal Gould, license fees collected \$27; report of City Recorder, fines collected \$2; report of City Treasurer, total balance in all funds February 1st, \$3621.17. All reports ordered filed.

The demands presented went over to the next full meeting of the Board, as members of the finance committee were absent.

The Board then adjourned.

Kitchener's Way.

It happened some years ago. London. Regent street where it turns a semicircle. Two gamins are fighting. A crowd. No interference. We hesitate. We know how the Londoner loves his fight in or out of the fight. One boy is some twenty pounds heavier than the other. And two inches taller. A woman shrieks, "Why doesn't some one stop it?" It goes on. Then comes a tall man, top hatted, heavy stick, morning coat, a sort of squint in his eye. He brushes us all aside. Drops stick. Has a boy in each hand. "Learn to fight for each other, not against each other," said Lord Kitchener as he walked away.—London Mail.

Mr. D. O. Martin,

Tropico, Cal.,

My Dear Father:—

Relative to our recent conversation concerning my collections there, I think I have done more than my part, and as all these accounts are nearly a year old it is my opinion that most of them do not intend to pay if they can help it, but to show them I want to be perfectly square I will wait another thirty days, and all who have not paid at that time will have a law suit to defend. So you may shape your plans to this end. I hope however, this will not be necessary and I do not believe it will, as I always treated my patrons well and I yet believe they will pay me, but if they do not, proceed as above mentioned.

As ever your son,

O. P. MARTIN.

BUILDING A CHARACTER.

Let building up your character be your constant effort in life. If it is a little harder to build up character than reputation, it is only so in the beginning. For mere reputation, like a poorly built house, will cost as much for patching and repairs as would have made it thorough at first.—Beecher.
